Comments

Variety	Like	Dislike
Alfalfa	Lovely color but blooms blow quickly. Hardiness and length of bloom.	
All-American Girl	The form was to die for and I really liked the clear pink.	
All-American Magic	Love the bloom coloration mix and the long lasting blooms. Droops a bit if allowed to fully bloom in its beautiful clusters. Disbudding just a bit helps with the drooping. Beautiful richly colored foliage.	
Ambiance	Beautiful bloom! Blooms all summer with very little attention.	
April in Paris	Beautiful exhibition form delicate pink flowers. Flowers are small. Nice medium green foliage. First stems were weak, but seem to improve with fertilizer. Not hardy in all areas.	
Aydan Renee		
Betty Curry	Unusual color - not true red more dark pink to light red. All blooms so far have had white streaks	
Blue for You		
Blush		This rose is a disappointment. I expected it to be a good exhibition rose and it has not done well
Bonnie Sky		Blackspot prone
Caledonia	Very healthy plant, but only a couple of flowers in this first full Summer season. Hoping for more next year.	
Carlin's Rhythm	The color of the flowers.	
Ch-Ching	Rich yellow blooms and lots of them! Appears to be a hardy rose even when nearly ruined by rabbit attacks! Came back and has bloomed nicely. Hope she passes her winter test.	
Cherry Freelander		
Chocolate Sundae	Weird but pleasing color	
Cinco de Mayo	Color, beautiful foliage, large sprays. Long Lasting flowers. Leaves and flowers singe in intense sunlight. It has bloomed profusely all sommer long and no sign of disease.	Seems hardy enough but could flower more and hold a nicer form longer.
Coat of Many Colors		
Coffee Bean	Rose is easily grown, especially in unprotected areas. Color is deep rust and beautiful when first opening; good foliage. Continues to bloom all summer. It would be a good rose to show.	
Colorific	Colors and multiple candelabras	This plant hates heat and intense Colorado Sun. Very few blooms.
Crested Damask		I hated this rose. It was like a weed. Shovel pruned
Daddy Frank		Wish it would grow. Not vigorous.
Daddy's Little Girl	Bloom form is very good. Bush is very hardy both against disease and in winter comeback.	
Dolly's Forever Rose		
Double Take		Hasn't done much . May move it.
Dragon's Blood		
Dream Come True	Color.	I had high hopes for this rose, it has been slow to get established, slow in growth and repeat. Balled continually. Multiple people shovel pruned.

Comments

Variety	Like	Dislike
Drop Dead Red	I liked the blooms that form on these roses. I also have blooms for a long time, to enjoy.	
Duchesse de Rohan	Hardy rose, I liked the form and possible exhibition	
Easy Does It	Excellent color. Trouble-free.	This cultivar seems to get burnt foliage in the heat.
Emma Grace	Has good exhibition potential	
Eternal Flame		Prone to blackspot.
Fabulous	A beauty of a rosebush, blooms set against her dark green shiney foliage a Fabulous to behold! Very hardy, comes back from winter without a problem at all.	
First and Foremost	Excellent form and has good staying power.	Could bloom more.
First Impression	The color is spectacular. Large, frequent blooms.	
Flawless		Does not want to grow and bloom.
Focal Point		Had beautiful nicely formed blooms but just was not hardy at all, stayed weak and did not come back from winter....
Gem o' the Rockies		
Gem o' the Rockies	The color, blooms well	This rose is a powdery mildew magnet. If I remember to spray before the mildew starts it is much easier to control.
Helen's Trust		Could bloom more.
Home & Garden	Very floriferous with quick rebloom	
Hurricane		
Impulse		Just up and died one day. Don't know why.
Incantation	Blooming machine.	
Jeri Jennings		
Joy	Love the form, color is lovely. Long canes add to attraction.	
Jupiter	Unusual color, show form is excellent, vigor increases every year.	
Keep Smiling	Will be very good exhibition rose in fully open category	
Lady of Megginch		Never blooms. Faces shovel pruning.
Lavender Meidiland	Love the color	
Legends	Huge blossoms! Could bloom more.	
Lo & Behold	This has great color and good exhibition form.	Do not like the form for a show rose, it is sloppy. Not really hardy.
Lovestruck	I consider this an average rose; blooms all summer and is pretty in garden, but not considered show quality.	
Magic Show	Color is nice, opens slow.	
Malibu	Very vigorous, healthy, free-blooming plant.	
Malvern Hills		It up and died over-winter.
Mardi Gras	Great color.	
Marlon's Day		
Masquerade		
Memphis Cajun		
Mohana	Great form and good exhibition potential	
Moon Over Miami	Color is beautiful light pink that changes...always beautiful in all colors...seems to be resistant to disease	

Comments

Variety	Like	Dislike
Mrs Robinson	Clean healthy and a stunning star in my garden	
Night Sky	Unique color	
Over the Moon	Gorgeous color! Hardy stand-in for Just Joey. Very vigorous, healthy plants.	Did not take off well from day one and did not make it through the first winter.
Pam's Choice	The color is great and it blooms very well.	
Peppermint Splash		
Pink Home Run	Lovely pink, better than Home Run Red	
Pink Promise	This is a very healthy and well formed rose.	Nice color, reasonable growth first year. Second year pooped out, aka: died
Pope John Paul II	I planted this own root Rose in the spring. It grew several feet and bloomed like mad. Very healthy and disease resistant. One of the best white blooming roses on the market.	Flowers are small and tend to ball. May shovel-prune.
Power Point	Good form on blooms that last well. Hardy bush.	
Powerhouse	The rich color of her blooms is out of this world. Holds nice form for a long while. Rich healthy foliage and loves to bloom.	Not vigorous
Pumpkin Patch	Many blooms, good looking plant, good orangey russet color.	Does not repeat flower as quickly as others. A bit weak in its winter comeback.
Purple Splash	Lovely colors	
R. blanda	Very hardy at low and high altitude and excellent for wild spaces. Spring bloomer with rich pink, single flowers which are large for species. Tall bush, almost thornless. Exhibits large round hips of bright vermillion in fall. Sweetly fragrant blooms.	
R. moyesii	Hardy at low and high altitude and its height of 10 feet can be effective in large border. Early summer blood red blooms in pairs with deep yellow stamens and profuse pollen. Large bush with dark green foliage and ferocious prickles.	
R. woodsii	Good rose for bad locations. Colorado Native, very hardy at low and high altitude, tolerates dry conditions and needs no coddling. Has dense graceful growth of blue-green foliage. Small, sweetly scented single pink blooms with creamy stamens bloom for several weeks in early summer.	Extremely invasive in cultivated conditions. A weed in suburbia.
Randy Scott		
Renegade		Blooms move quickly.
Rock & Roll	Beautiful striped rose no 2 flowers are alike	Problem is I have had to plant her as an annual bush. She has died off every winter so far and has had to be replaced.
Scarborough Fair	Very delicate blooms with beautiful stamens.	
Sedona	Nice big blooms, excellent color. Lots of blooms. Vigorous and healthy. My new favorite rose!	
Shockwave	The yellow color was true and the rose was hardy	
South Africa	Exhibition only in decorative bloom classes.	
Stephen Rulo	The most unusual colors that change with the environment. Very vigorous plant. No disease or insect problems. Platinum colored flowers with pronounced yellow stamens bloom in nice clusters.	
Summer of Love	Beautiful color! Blooms well in partial shade. No problems.	

Comments

Variety	Like	Dislike
Summer Song	Gorgeous orange color. Trouble-free.	Hates heat; plant in a spot with afternoon shade to keep blooms from frying.
Sweetness	This rose had nice form and the color was very nice. Rich healthy foliage.	
Tea Clipper	Beautiful color, but lacks vigor.	
Teeny Bopper	It is a colorfully little shrub. will keep	
Tiddly Winks	Lots and lots of blooms that last a long time. Lots of color.	Not an impressive rose.
Unbridled	Her blooms remind me of Gemini except more of them. Hardy bush but does get the occasional bent over bud.	This rose is not really a yellow blend. The yellow bleaches out in heat and so judges DQ it when it is shown.
White Licorice	Very healthy and loved the smell. Won best in class.	
White Pavement	Dependable rugosa hybrid.	
Wild Rover	Glossy thick foliage and the most unusual smoky mauve color I have ever seen. very photogenic. Very hardy for a mauve rose.	
Winner's Circle	Only 2' Tall so far. Bright Color
