Rose Name	Comments
Abby Leonard	Lots of blooms.
Adobe Sunrise	Beautiful color, abundant bloom all summer long, good cut rose.
Always and Forever	Form is perfect.
Apricot Drift	Will re-bloom without deadheading.
Betty Curry	Red color is unusual, not my favorite red color. Form is consistently good. Hasn't grown very tall.
Colorific	Large pointed buds; lend of colors; deep green shiny leaves. Disease resistant. Appears to be sturdy with strong stems. Good healthy rose bush that loves to bloom although some reports say it does not tolerate intense Colorado sun.
Cooper	Lovely red/black color perfect form on long stems. Won a queen for me at this years District show.
Daddy's Little Girl	This bush keeps on blooming no matter the heat or coolness. Makes wonderful sprays for exhibition and pretty much laughs at our winters here.
Diamond Eyes	Small plant has only bloomed with single petalled flowers.
Diane's Delight	Own root plant has not grown very much. The red color is nice initially but fades quickly.
